Â MONEYBOOKERS FACT SHEET

Â

Â VisionÂ Â Moneybookers aim to be tomorrow's first truly universal destination for enabling the most secure and convenient digital money transactions helping people and businesses to connect at anytime, anywhere in real time.Â

MissionÂ moneybookers.com is a highly competitive and trusted banking alternative that provides millions of internet users worldwide with access to online shopping and money transfer in the most reliable, secure and convenient way. For Moneybookers customers we focus on providing the highest level of transparency, reliability and customer satisfaction. moneybookers.com provides an international, innovative and entrepreneurial environment that delivers the most value to all of its stakeholders while shaping the world of e-commerce.Â

Benefits

- Unrivalled pricing
- Real-time money transmissions
- As borderless as the Internet
- Product ideally suited for small businesses and individuals currently misrepresented by traditional payment mechanisms.

MarketsÂ As a true global payment solution, moneybookers.com welcomes customers from the UK, Europe and every nation of the earth (subject to regulatory restrictions).Â

Payment optionsÂ Credit card, domestic and international bank transfer, cheque.Â

SecurityÂ Moneybookers is developed with the same demands on security and performance as the sites used for bank services and share trading - using only the most modern security technology: account login, personal details and all money transactions are secured using Secure Socket Layer (SSL) technology with high security 128bit encryption, certified by Thawte.Â

LegalÂ Registered in England and Wales under Company No 4260907. Regulated as an electronic money issuer by the Financial Services Authority of the United Kingdom (FSA). FSA Register No: 214225Â
